9	9	18	27	36	45	54	63	72	81	90
10	10	20	30	40	50	60	70	80	90	100

Instructions:

- Print this sheet off and highlight the appropriate table for your child to learn.
- Remember to highlight both the column and the row, so that the child can see the relationship.
- Best results are obtained by highlighting only one table at a time. You can print the sheet multiple times.
